安娜与大卫 的艺术

雪兰莪铁船委托安娜与大卫希斯科克 (Anna & David Hiscock) 增进 One Draycott 的美感。

安娜与大卫的几何式大门, 与精钢和抛光的 Cubetti 交织在一起还有意大利阿尔卑斯山脚下的 Lucerna 小石块 - 在大堂迎接您的归来。

大卫在制造钢铁和石
头交织的入口大门。

泊客区的圆形雕塑由 Lucerna 石块砌成，
这些石块由意大利石匠手工切割，
砌成类似穿山甲的鳞片。

安娜和大卫还在位于每个私人电梯大厅的木门上，以手工制作墙面装置和橡木刻面。

木门的橡木刻面都个别以手工制作。

DAH STUDIO

安娜与大卫希斯科克 (Anna & David Hiscock) –英国纯艺术和设计的长期从业者，他们非常尊重材料的生命和特性，以及工艺的价值。大卫的多重才能之一包括摄影。他曾与 Donna Karan, Paul McCartney 和 Conde Nast 合作，并在伦敦国家肖像画廊展出他的作品。安娜拥有时尚和珠宝设计背景，并与 Alexander McQueen 在 Swarovski, Harrods 和 Puma 合作。

在过去10年，雪兰莪铁船一直与安娜与大卫密切合作。这种创造性的合作关系带来了一系列的大型雕塑，摄影作品，画作，室内设计，家具和建筑装饰以及各种细节。

我们以木料着色剂，
增强橡木特有的纹理。

Notes:-

a) Marble / Limestone / Granite

Marble, limestone and granite are natural stone materials containing veins with tonality differences. There will be colour and markings caused by their complex mineral composition and incorporated impurities. While such materials can be pre-selected before installation, this non-conformity cannot be totally avoided. Granite tiles are pre-polished before laying and care has been taken for their installation. However, granite being a much harder material than marble, cannot be re-polished after installation. Hence some difference can be felt at the joint. Subject to 14.3, the tonality and pattern of marble, limestone or granite selected and installed shall be subjected to availability.

b) Timber Strips

Timber is a natural material containing veins and tonal differences. Thus, it is not possible to achieve total consistency of colour and grain in their selection and installation. Timber strips are also subject to thermal expansion and contraction beyond the control of builder and the Vendor. Natural timber that is used outdoors will become bleached due to sunlight and rain. Thus, the cycle of maintenance on staining will need to be increased as required. Notwithstanding this note, the Vendor shall remain fully responsible to the performance of its obligations under clause 9 and clause 17.

c) Air-conditioning System

To ensure good working condition of the air-conditioning system, the system has to be maintained and cleaned on a regular basis by the Purchaser. This includes the cleaning of filters, clearing of condensate pipes and charging of gas. The Purchaser is advised to engage his/her own contractor to service the air-conditioning system regularly.

d) Television and/or Internet Access

The Purchaser is liable to pay annual fee, subscription fee or such other fees to the television and/or internet service providers or any other relevant party or any relevant authorities. The Vendor is not responsible to make arrangements with any of the said parties for the service connection for their respective channels and/or internet access.

e) Materials, Fittings, Equipment, Finishes, Installations and Appliances

Subject to 14.3, the brand, colour and model as specified for all materials, fittings, equipment, finishes, installations and appliances to be supplied shall be provided subject to Architect's selection and market availability.

f) Layout/Location of Fan Coil Units, Electrical Points, Television Points, Telephone Points, Telecommunication Points, Audio Video Intercom System, Door Swing Positions and Plaster Ceiling Boards

Layout/location of fan coil units and electrical points. Television points, telephone points, telecommunication points, audio video intercom system, door swing positions and plaster ceiling boards are subject to Architect's final decision and design.

g) Warranties

Where warranties are given by the manufacturers and/or contractors and/or suppliers of any of the equipment and/or appliances installed by the Vendor at the Unit, the Vendor will assign to the Purchaser such warranties at the time when vacant possession of the Unit is delivered to the Purchaser. Notwithstanding this assignment, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17.

h) False Ceiling

The false ceiling space provision allows for optimal function and installation of M&E services. Access panels are allocated for ease of maintenance access to concealed M&E equipment. Where removal of equipment is needed, ceiling works will be required. Location of false ceiling is subject to Architect's sole discretion and final design.

i) Glass

Glass is manufactured material that is not 100% pure. Invisible nickel sulphide impurities may cause spontaneous glass breakage, which may occur in all glass by all manufacturers. The Purchaser is recommended to take up home insurance covering glass breakage to cover this possible event. Notwithstanding this assignment, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17.

SPECIFICATIONS

j) Mechanical Ventilation System

Mechanical ventilation fans and ductings are provided to toilets which are not naturally ventilated. To ensure good working condition of the mechanical ventilation system, the mechanical ventilation system within internal toilets (where applicable) is to be maintained by the Purchaser on a regular basis.

k) Prefabricated Bathroom Units

Certain bathroom and W.C. may be prefabricated construction and all penetrations are sealed at manufacturer's factory prior to installation on site. Any subsequent penetrations are not recommended as they will compromise the waterproofing warranty.

l) Cable Services

The Vendor shall endeavor to procure a service provider for cable television and/or internet services (the "Cable Services") to provide the necessary cabling or connection from its network to the Unit/ Building and/or the Housing Project (or any part of parts thereof), so as to enable the Unit/ Building and/or the Housing Project to receive the Cable Services. In the event, despite reasonable efforts being made by the Vendor, the Vendor is unable to procure any service provider to provide the said cabling or connection, thereby resulting in there being no Cable Services available in the Unit/ Building and/or Housing Project, the Vendor shall not be liable to the Purchaser for any compensation or for any damages, costs, fees, expenses or losses whatsoever, or howsoever incurred, by virtue of the Purchaser being unable to obtain the Cable Services in the Unit/ Building and/or the Housing Project.

m) Wall

All wall finishes shall be terminated at false ceiling level. There will be no tiles/ stone works behind kitchen cabinet/ pantry cabinet/ server cabinet/ bathtub/ vanity cabinet/ mirror.

n) Porcelain/Homogeneous Tiles/Mosaic Tiles
